

## XFINITY IS THE FASTEST INTERNET PROVIDER IN THE NATION ACCORDING TO PC MAG

### XFINITY Provides Builders and Property Managers with Service that Residents Desire

For today's prospective apartment renters and condo owners, a key "must have" is fast Internet service that provides the ability to access entertainment and content and to connect with family and friends across multiple Internet-enabled devices in their home. That's why choosing a provider that can handle the demand is so important.

Recently, XFINITY® was named the fastest Internet provider in the nation according to PC Mag, so even with a house full of laptops, smartphones or tablets, XFINITY Internet gives your residents all the speed they need to do more of what they want online. PC Mag's results were based on a reader test of the nation's leading ISPs, which were taken from more than 58,000 tests completed on speedtest.net.

"This study shows our commitment to providing customers with the best online experience possible with XFINITY Internet," said Bill Revell, Comcast Vice President of Business Development. "The Internet has become integral to everyday lives. Residents expect the ability to video chat with family and friends, stream TV and movies on their laptop or play games online."

Revell said XFINITY's advanced Internet platform can be a differentiating factor between properties for today's real estate market and those designed for the next generation. "With XFINITY's fast connection speeds, properties are appealing to prospective residents who use the latest online applications," he said.

Using advanced technology such as DOCSIS 3.0 and PowerBoost®, Comcast provides access to super-fast Internet speeds and reliable service over its network. Additionally, Constant Guard™, the most comprehensive suite of online protection available (a \$360 value), including top-rated Norton™ Security Suite, is included with XFINITY Internet service. When bundled with XFINITY TV and XFINITY Voice services that work

together, residents can access and enjoy everything they love anytime, anywhere and any way they want.

XFINITY provides residents with access to over 75,000 On Demand TV shows and movies available on TV and streaming online. Plus, On Demand TV shows and movies are also available on the iPad®, iPhone® and iPod touch®. XFINITY also offers the best HD experience with over 8,000 HD On Demand choices. XFINITY Voice also offers residents the best in call clarity with 12 popular calling features, including Universal Caller ID on your TV, PC, home phone and smartphone, and unlimited calling throughout the US, Canada and Puerto Rico. Additionally, XFINITY services are backed by the Comcast Customer Guarantee – a commitment to providing customers with an outstanding customer experience.

It's clear that multifamily residents get an unparalleled product and service experience with XFINITY – making it an excellent choice for developers and property owners now and in the future.
